

## MIAMI EAST LOCAL SCHOOLS

### EXTRA-CURRICULAR TRANSPORTATION FEE

In an effort to reduce the cost to the General Fund of operating co-curricular and extra-curricular activities, the Miami East Local Board of Education has implemented a Transportation Fee. The district has implemented an Extra-Curricular Transportation Fee as a cost containment measure. The following procedures will be followed as related to this fee.

1. Head coach/advisor shall provide an official roster of the students participating in their activity to the athletic director and building principal. This roster will be turned in one week after the first official practice and/or meeting.
2. Transportation fees may be paid at any time, but are due no later than second game/event of the season. There will be no participation by a student after the second game/event/match until payment has been completed.
3. Transportation fees will be paid by the student in the office of the principal at the school where they are assigned. All fees must be paid in full and there will be no pro-rated fees. Students participating in the free lunch program will have their fees waived. Students participating in the reduced lunch program will have their fees reduced by one-half.
4. No refunds will be made after the first scheduled game or scrimmage of the activity or after ten (10) days of practice opportunity. This includes:
  - a. If a student quits an activity, no refund will be given.
  - b. If a student is dismissed from an activity, no refund will be given.
  - c. If a student becomes academically in-eligible during the course of the activity, no refund will be given.

Special circumstances that prohibit an individual from participating will be reviewed by the administration for a possible refund on an individual basis.

5. A copy of the existing fee structures (as approved by the Board of Education) is attached. Coordination of payment will be handled through the office at the school where the student attends.
6. Parent and students are advised that the payment of fees does not automatically insure playing/participation time. This is especially true in activities such as athletics.

## Transportation Fee Structure

## Transportation Fee

The Miami East Local School District Board of Education has adopted a participation fee for the various athletic and extracurricular activities. The fee will be used to off-set the Board of Education costs to run extracurricular activities. Other costs such as socks, hats, shoes, T-shirts, etc will still be the responsibility of the participant.

1. The **\$55** transportation fee must be submitted to building office.
2. The individual student cap for the school year is **\$110**.
3. The family cap for the school year is **\$220**.
4. **Due Dates for Payment:** No later than the second official game/event of the season.
5. Payment is due in full.
6. Refunds will occur only as a result of the following circumstance:
  - a. If an student has a season ending injury before the fourth contest of their respective season.
7. A paid transportation fee does not guarantee that a student athlete will play. The control and determination of the activities will remain the responsibility of the Coach, Athletic Department, and Board of Education.
