

August 23, 2021

Dear Parent(s)/Guardian(s),

Each Friday, I will be sending home a green folder that is officially called our "Friday Folder". It will contain graded work and important school information. Please return the EMPTY "Friday Folder" to school each Monday.

By sending your child's schoolwork home once a week, this will eliminate the "stuff it in the desk" problem that sometimes arises with first graders! When you receive the schoolwork, please take a few moments to look over the papers with your child. You will be able to see academic strengths and weaknesses as you evaluate the work. As the semester progresses, you will also be able to monitor the progress of your child. Look for changes! Your first grader will be blooming right before your eyes. As always, if you have any questions or concerns about your child, please let me know.

Sincerely,

Miss Black
