Search for Children with Disabilities

The Miami East Local School District seeks to identify, locate and evaluate all children from birth to age 21 who may have a disability.

Disability, in this instance, means such conditions as hearing impairments, visual impairments, speech or language impairments, specific learning disabilities, emotionally disturbed, multiple disabilities, mental retardation, other health impairments, physical impairments, autism and traumatic brain injury. Parents may not be aware that their child has a disability or that there are programs and services available.

Parents, relatives, public and private agency employees, and concerned citizens, are asked to help find any child who may have a disability and need special education and related services.

Notify the Miami East Local School District at 937-335-7505. District officials will talk with the parents to determine if an evaluation is necessary.
